

Alfa Romeo Range Price List
February 2009

A passion for our future.

It's our ambition to make hearts beat a little faster.

From the ultimate in Alfa Romeo exclusivity, the Alfa 8C Competizione, to the new Alfa MiTo, an Alfa Romeo will always be more than just a way of getting from A to B. If you share our passion, it's time you took the wheel of an Alfa Romeo.

For almost 100 years, Alfa Romeo cars have been able to touch the heart of anyone who cares about driving.

Henry Ford used to doff his hat whenever he saw an Alfa Romeo. More recently, Jeremy Clarkson wrote that owning an Alfa Romeo is a motoring 'rite of passage'.

Our vision remains unchanged: to make cars of the highest engineering integrity that will delight all those who love driving.

A pride in our past.

BENEFIT-IN-KIND-TAXATION

The company car Benefit-in-Kind Taxation scale is linked to the CO₂ emissions level. The table opposite shows the percentage of the car price to be taxed (P11D value). Below you can also find a simple explanation useful to calculate the BIK.

EXAMPLE OF HOW TO CALCULATE BIK

- Look at the table and find the percentage to be applied according the CO₂ emissions.
- The car's price to be taxed (P11D value) includes: Total Retail Price (Basic Price + VAT) + Number Plate (£24.47) + Delivery costs (£406.17) + Option (Including VAT)
- Calculate the BIK as follows:
P11D value x % of car price to be taxed
